NEW MEDICAL WORK.
"THE PHILOSOPHY OF MARRIAGE,"
FOR THE
Debilitated Nervous System.
THE PROFESSORS OF THE ANATOMICAL MUSEUM, Montgomery street, near California, San Francisco, have published four of their most important and instructive lectures in a neat volume for those who cannot attend the lectures delivered at the Museum. Every Unmarried and Married man should read and study these important Lectures for the good of himself and offspring.
By addressing the Secretary of the Anatomical Museum, San Francisco, enclosing 25 cents in postage stamps, to pay postage, the Book will be forwarded to any part of the States and Territories. o9d2mlp

The FLORENCE is warranted to be the best and most reliable Sewing Machine in the world. It seldom gets out of order. If there is one within a thousand miles of San Francisco not working well, I will fix it for nothing and pay all express charges.
SAMUEL HILL, Agent,
111 Montgomery Street,
jy1daw3mlp SAN FRANCISCO.

Agents Wanted.
AN EXTRAORDINARY BOOK! EXTRAORDINARY certificates! Save the children from the ravages of diphtheria, scarlet fever and cholera infantum! "THE HOUSE WE LIVE IN; HOW TO KEEP IT IN ORDER." By Drs. P. and S. P. Sedgwick. This remarkable work is the result of over seventy years experience in the practice of medicine and surgery, and is in all respects a complete family physician. The treatment given for DIPHTHERIA, SCARLET FEVER AND CHOLERA INFANTUM is now to the medical profession and is a POSITIVELY CERTAIN CURE for these frightful diseases, certified to be such by many prominent citizens, physicians, clergymen, etc., of the county where the authors reside and where the remedies have been extensively used. Plain directions are given for treating all diseases. For circular, etc., apply immediately to

Savings! Savings!
FIRST
NATIONAL BANK OF PORTLAND.
SAVINGS DEPARTMENT!
THIS BANK has established in connection with its general Banking business a SAVINGS DEPARTMENT, and will allow interest on coin deposits made in accordance with the conditions adopted by this Bank.
In establishing a Savings Department this Banking Association has in view the benefits to accrue to a class of persons having small sums to loan, by providing a safe place of deposit, ample security and fair rate of interest, as well as to aggregate and bring into use idle capital.
For the safety of deposits in this Bank, are pledged its entire capital and resources, and also the personal liability of its Directors and Stockholders, as provided by Section 12 of the National Currency Act, approved June 3d, 1864, a greater security than that given by ordinary Savings Banks. Printed copies of the conditions upon which deposits are received, may be had upon application to the Bank. HENRY FAILING, President.

HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER
HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive
Carriage Factory,
Corner of Second and Morrison Streets.
He respectfully refers to the following
CARD.
Having examined the New Patent Shaft Coupling, invented by H. B. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.
It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.
It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, heretofore considered the best in use.

By Overland Telegraph.

[DISPATCHES TO THE OREGONIAN.]

DATES TO OCTOBER 15.

Masonic Convention

CLEVELAND, Oct. 14.—A convention of the Grand Commandry of Master Masons and Knights Templar of Ohio, commences here to day and will continue until Wednesday next. Important matters in the various degrees of Masonry will be brought up. The attendance at the convention is large.

Complete Republican Triumph in Ohio.

COLUMBUS, Oct. 14.—The Republicans claim and the Democrats concede 30,000 majority for for Hayes, and three Republican majority in the House and one in the Senate.

New York News.

NEW YORK, Oct. 14.—Three robbers plundered the store of James Oakley, at Huntington, Long Island, last night. Oakley discovered them, when they beat him almost to death and set fire to his store, dwelling and barn, all of which burned, and they then made their escape. The loss is about $20,000.

The Gold Exchange Board is in executive session on the subject of the new clearing house

Bishop Whittaker, of Nevada and Arizona, was consecrated yesterday. Fifteen Bishops participated in the ceremonies.

It is stated that Higgins, commander of the *Cuba*, at Wilmington, telegraphed to the Secretary of the Treasury on Monday, asking leave to hoist the Cuban flag and fire a salute. Boutwell being absent, the acting Secretary, Hartley, denied the request.

The Lake Shore directors to day arrested Augustus Schell a member of the Board, vice Whittmore, resigned.

The Congressional Committee on the causes of the decline of American commerce, held its first meeting to day. A committe of the New York Ship Owners' Association was in attendance. The Maine ship builders' interests were also represented. On the part of the New York ship owners, statements and arguments were submitted to prove that the remedy for the low condition of American shipping interests is the repeal of the navigation laws and permitting American ship owners to buy ships of England or other foreign countries. They recommend that their ship stores be made free of duty, also an allowance in drawbacks on materials used in ships. Thus in a few years American ship builders will be able to produce iron or wooden vessels as cheaply as on the Tyne or Clyde. Free trade in ships would give immediate relief to American shipowners and prevent a monopoly of the carrying trade by foreigners. On the part of the Maine shipbuilding interests, the argument was that the only remedy needed was an allowance in drawbacks. They do not agree to the proposition of New York Shipowner's Association for free trade in ships, and say it would be a finishing blow to the ship building interests of the country.

NEW YORK, Oct. 15.—The steamers *Atlanta* and *Tripoli*, from Europe, have arrived.

The Commercial Convention.

LOUISVILLE, Oct. 14.—Business generally is suspended. A hundred thousand persons are occupying every point of observation to witness the procession, which is universally pronounced to exceed any similar thing ever attempted in this country. It is fully nine miles long and has been fully three hours in passing a given point. The Convention is engaged in the discussion of the report of the Committee on Emigration.

The Republican Majority in Pennsylvania.

PHILADELPHIA, Oct. 14.—A table of majorities published in the *Press*, shows Geary's majority to be 2,342. A table prepared by the State Central Committee, figures the majority at 4,104. The *Age* says the contest is close and a few hundred votes may decide it.

CHICAGO, Oct. 14.—John Covode telegraphs returns from all the counties in Pennsylvania except Lycoming and Snyder, which indicate that Geary's majority is 4,000. Geary's majority in Philadelphia is about 2,400.

Philadelphia Dispatch.

PHILADELPHIA, Oct. 14.—During the session of the return judges to-day, the sheriff attempted to serve a writ of injunction against counting the votes, but was restrained, but official position not being announced, he being gained admission to the room under pretense of being a return judge. He came back with a posse, broke open the doors and served the writ and ordered the arrest of sundry persons resisting him.

A reporter of the Associated Press was beaten in a shocking manner by the police and locked up, but was soon after released and discharged.

PHILADELPHIA, Oct. 14.—James Simpson, President of the Board of Return Judges, on leaving that body to-night, was assaulted by roughs in Chestnut street. His life is despaired of. He is a prominent Republican leader here.

Further from Louisville.

LOUISVILLE, Oct. 14.—The Trade Convention this afternoon was occupied by a report of the Committee on Immigration, going to show that the climate of the South is favorable to European immigrants.

The procession this morning was seven miles long, consisting of vehicles, representing the various mercantile and manufacturing interests. Many were elaborately and tastefully ornamented. It was unquestionably the grandest affair of the kind ever gotten up in the West.

The Synod of New York, representing the Assembly party, met last evening. Rev. Mr. Dickinson of Bowling Green, was elected Moderator Delegates from all the Presbyterian churches in the State were present.

Washington News.

WASHINGTON, Oct. 14.—Assistant Secretary Richardson, of the Treasury, intends pressing his resignation, desiring relinquishment from the duties of the office immediately.

Machinists in the bureau of printing and engraving have entered suit for 20 per cent. with build from their wages. A subpœna was yesterday served on Secretary Boutwell to appear and show cause why the 20 per cent. should not be paid.

FREDERICK, Oct. 14.—The President attended the fair to day, and was welcomed by Col. Wm Mauby in a speech, to which the President responded, expressing gratification at his cordial reception

WASHINGTON, Oct 14.—The Cabinet is urged to impede the departure of supplies for insurgents who prevent the Spanish Government from carrying out a policy in Cuba in harmony with that at home. Senor Silvela maintains that the insurgents in Cuba are in a minority, and by no means belong to the wealthiest and most influential classes as has been represented.

The *Epoca* makes mention of a correspondence between Silvela and Sickles, in which the former urged the release of the Spanish gunboats building in the United States, protesting that they were only to be used to protect the shores of Cuba against expeditions in aid of insurgents from foreign countries.

The *Republican's* Washington special says that a movement is on foot, propelled by disappointed office hunters, to effect an entire change of officers of the Senate at the next meeting of Congress. It is not charged so far as known that the present officers are inefficient or undeserving, but it is asserted that others have better claims to those offices.

Judge Bond, of Baltimore, is mentioned in connection with the Secretaryship of the Senate in place of George Gotham, but the aspirants for Sergeant at Arms in place of Hon. John French, have not been developed, neither is it known that any opposition is made to Dr. Taft, Postmaster of the Senate. But it is the intention of a strong combination to effect a complete change.

It is stated that General Canby has prepared a report on alleged frauds in the Virginia election, which will show that it was an extremely fair election, much fairer indeed than is usual in the Northern States.

Condition of Admiral Farragut

CHICAGO, Oct 14.—Admiral Farragut's condition is unchanged and very precarious.

Latest from Farragut at three o'clock this morning says his condition is critical, but not without hope. His physicians say he may live yours or perhaps only a day. They should not be surprised if he expired without a moment's warning. Physically he is completely prostrated, but mentally he retains his full vigor.

Complete Republican Victories in Nebraska and Iowa

CHICAGO, Oct 15.—A Tribune's Omaha special says The returns from Nebraska indicate that the Republican majorities will be fully equal to those of the Presidential election

Returns from Iowa indicate that the Republicans majority will be about as last

Nothing further from Maine or Pennsylvania

Bank Frauds in Baltimore

NEW YORK, Oct. 15.—In a recent case in the United States District Court at Baltimore, which has been appealed to the Supreme Court, it was shown that three National Banks in Baltimore have been loaning as high as eight per cent of their capital for speculative purposes

Fighting in Cuba

NEW YORK, Oct 15.—Private letters from Havana state that a battle was fought near Guayamaro between the Spaniards under Valmaseda and two divisions of insurgents under Generals Jourdan and Quesada which after seven hours' fighting resulted in the defeat of the Spaniards losses on both sides were very heavy The Spanish papers are silent on this affair

Richmond Dispatch

RICHMOND, Oct. 15.—A telegram to the *Dispatch* says Governor Walker made an address to day at the fair grounds at Danville. He said that he felt nothing but pity for the great opposition party in the State canvass who were led by carpet baggers and carpet baggers who had nothing at stake but their self interest. He rejoiced that the election settled the fact that Virginia hereafter is to be ruled on principles of right, justice and civil equality. What she now needs is plenty of honest, industrious and intelligent laborers, no matter from what source they come. He appealed to the young men of Virginia not to forsake their State, not to forsake the plow and fly to the large cities of the North where vice and demoralization awaited them. Judge Rice followed in the same spirit as the Governor.

About the New Secretary of War.

CHICAGO, Oct 15.—The *Republican's* special from Des Moines says very general dissatisfaction exists in that State over the appointment of Gen Belknap as Secretary of War. If he is a Republican at all, he is of a most conservative kind and does not in any way represent radical Iowa with her 46,000 for Grant.

General Telegrams

OTTAWA, Ontario, Oct 14.—The Emperor Napoleon, has ordered the traveling expenses of the French Bishops from Quebec to and from the Ecumenical Council, defrayed from the Imperial Exchequer.

FREDERICK, Md., Oct. 14.—President Grant, General Sherman and Postmaster General Cresswell, arrived this morning to attend the fair.

POUGHKEEPSIE, Oct. 14.—Walter Williams, the man who robbed the Insurance office of this city, was to-day sentenced to five years imprisonment at Sing Sing.

CINCINNATI, Oct. 15.—Catherine Surt, wife of a farmer in Storre's township, committed suicide by hanging herself yesterday afternoon. Cause, religious insanity.

Fred Dettmering, an intemperate man, fell dead in John street yesterday yesterday afternoon.

Edward H. Hopkins attempted suicide by cutting his throat. He was taken to the hospital and will probably die. He was some years ago Chief of Police.

SCHENECTADY, Oct. 14.—All the aqueducts have been repaired, but the rain is still falling, and has increased the damage to culverts. It will be impossible to resume navigation by the 16th.

BALTIMORE Oct. 14.—A fire to-day burned No. 644, Baltimore street, a few doors from the Eutaw house. The damage is over eighty thousand dollars. The fire was probably the work of incendiary.

NEW YORK, Oct. 15.—*Herald's* special, dated Valencia October 14th, says the Spanish Government is making more vigorous efforts to suppress the insurrection. Twelve thousand Regulars with forty pieces of cannon are in position before the city. The insurgents aware of the power of this force, asked permission to capitulate by the authorities as well as the officers commanding. Government demanded an unconditional surrender. The government in Madrid resolved to dismiss all Republican officials and Municipal councellors from office.

Shipping.

Arrived, Oct 14th—Bark *Horatio Sprague*, from Yokohama, bark *Sampson*, 14 days from Port Blakely

Sailed, Oct. 15th—Barkentine *Victor*, for Bellingham Bay.

BY ATLANTIC CABLE.

LONDON, Oct. 14.—Lord Derby is better, and improving.

Advices from Buenos Ayres are to September 9th. They state that Lopez had not left the country, but was at San Ernandaus with two thousand men and twenty cannon.

MADRID, Oct 14.—According to official reports the insurrection is reduced to small groups of insurgents who are doing their utmost to avoid the national troops. Valencia still holds out against the troops.

An official dispatch received to-day states that the insurgents have proposed to capitulate, but the authorities demand unconditional submission The town of Benjar has revolted and the inhabitants are flying from the place Detachments of troops have been sent there Six thousand rebels have submitted to the government officers in Tarragona, Barcelona and vicinity. The republican leaders, Pault and Salvierbo, are abandoned by their followers and have fled to Gibraltar A number of Republican journals in the provinces have been suppressed by the local authorities for inciting insurrection. The Republican deputies to the Cortes have absented themselves from meetings of the Chamber Many of them are supposed to be concealed in the city or vicinity. It is rumored that the government intends to arrest them under the authority of the late act suspending individual rights.

The committee appointed by the Cortes to inquire into the conduct of the Republican deputies in the present insurrection have reported They recommend a vote of censure against the Republican minority for leaving their seats in the House, and that legal proceedings be commenced against those deputies who have taken an active part in the rebellion.

The Cortes has passed a vote of thanks to defenders of Las Tunas in Cuba. The Deputies from Porto Rico have appeared in the Cortes. One of their first acts was to present a demand for colonial liberties and reforms This gave rise to an interesting debate Deputy Arbas alluded to the unswerving fidelity of the colony of Porto Rico, and declared its union through love with Spain would be greatly strengthened by conferring the liberties asked Prim praised the bravery of the defenders of the mother country in the Antillas, and said the Government was disposed to employ every means to promote the interests of the colony of Porto Rico Deputy Valle claimed for Cuba all the liberties she ought to have as soon as the rebellion should be quelled.

CONSTANTINOPLE, Oct. 14, The Empress Eugenie has arrived.

PARIS, Oct. 14.—Yesterday there were three large public meetings in the city No disturbance occurred. The Empress was received by the Sultan with most imposing and magnificent ceremonies. The Bosphorus was covered with boats gaily decorated, and the banks were crowded with spectators.

A meeting of the Deputies of Left, that was called by Jules Simon, took place last night Sixty seven were present The ministers have gone to Compeigne to attend a Council summoned by the Emperor.

BOMBAY, via London, Oct 11.—Burke Burke in a dispatch to the Government here says a caravan has arrived at Zanzibar It brings the welcome news that Dr. Livingstone had arrived at Nyi alive and well He was on his way to the coast road, which was open and safe. An other caravan was expected here, which will bring later information. It is progress

LONDON, Oct 11.—News is received from Central Asia that the Ameer of Buddaxa has petitioned for the assistance of Russia against the Ameer of Cabool, that he has sent tribute to Simla and that he also has gone to St Petersburg to secure the succession to Cashfabt through the protection of Russia.

MADRID, Oct 14.—The *Epoca* to day publishes a synopsis of the reply of Olivela to the note of Sickles Olivela says, reasons dictated by national dignity prevent the acceptance of a foreign mediation in domestic affairs of Spain The communications made by Sickles are received with the good will which one nation owes to another with which it is bound by friendly ties, it is presumed the American Government only desires the struggle in Cuba shall be divested of its sanguinary character.

PARIS, Oct 14.—The *Siecle* to day has a general review of the policy of the Empire of France The article says France continues to guard the temporal power of the Pope contrary to agreement and backs up the Council, in which the Jesuits propose to outrage modern society. No ex

$1 per

The Daily Oregonian.

SATURDAY MORNING OCTOBER 16 1869.

Exit Pendleton

In 1867 Governor Hayes of Ohio beat Thurman his Democratic competitor by the steller majority of 2 983 votes He now beats the great Democratic champion Pendleton by 10 000 The majority would be 10 000 greater had the Republicans kept down party dissensions and tried to make it so The Democracy will now of course endeavor to console themselves with the reflection that the majority for Hayes is not so large at that thrown for Grant last Fall But we imagine they will think their present defeat severe enough Like Mercutio's wound the hurt they have received may not be so wide as a Church door nor so deep as a well but it will do "Tis enough 'twill serve It completely extinguishes Pendleton and buries his heresies as deep as the doctrine of the Sadducees could sink them The Democrats all along have been declaring that if Pendleton had been nominated for President instead of Seymour, they would have swept the country last Fall The result of the elections just held may serve to underrate them Pendleton would have received fewer electoral votes than Seymour obtained. For he would have carried no State which Seymour did not carry, and would have lost New York besides.

It is evident that the people mean to pay the national debt in good faith, therefore they endorse President Grant's policy of paying it honestly in gold. They understand the subject thoroughly, and know that any other sort of payment would be a sham It is evident, too, that they are fully determined never again to entrust with power, those who proved so shamefully unfaithful during the rebellion Year after year the people are giving the secessionists of 1861 this lesson, and they will continue to administer it as long as it may be found necessary to do so,

The Republican triumphs in Pennsylvania and Ohio indicate, further, that the Fifteenth amendment has the approval of the people. Both branches of the Ohio Legislature are reported Republican, which insures the ratification of the article. Nothing now can defeat this measure. It will be adopted before the next meeting of the Legislature of Oregon The Democratic harp may as well be hung upon the willows.

Crawled Out of Its Skin.

The so-called "Workingmen's Association" of East Portland has put off its disguise It has shed its skin, and after this moulting process, has crawled out in the form of a genuine copper snake In other words, it has taken the undisguised form of a Pendleton-Democratic movement. This, since the complete overthrow of Pendletonism in Ohio, and everywhere else, is decidedly out of date We have received the "Constitution and Platform" of the Association, which we may endeavor to find room for hereafter, if matters of greater interest do not continue to press on our columns. The most absurd and destructive of Pendleton's dogmas are embodied in this document, which is a tirade of Jacobinical utterances throughout. The interests of working men never are and never can be promoted in such a manner. However, it should be remarked that this "Platform" is the creation of a small circle of very needy and very seedy Democratic politicians, and not in any sense the production of intelligent and representative laboring men. Every movement really calculated to advance the interests or better the condition of the working classes is entitled to respect, but a movement like this, so clearly in the interest of a ring of petty political demagogues, is emphatically out of order. We give a list of the names attached to the document before us, which will sufficiently indicate its character: W. W. Chapman, broken down Democratic politician, very anxious to repair his political fortunes, Charles Gardner, Democratic lawyer, froze out in California and now waiting hungrily for an office; W. W. Thayer, small Democratic lawyer with abilities about equal to the requirements of practice in a Justice's court, and James Clinton, the only workingman of the lot, but a violent Democratic partisan The whole stock in trade of this class of persons consists of specious harangues addressed to the prejudices of the poor against the rich. Their endeavor is wasted, for we have no poor people in Oregon except the seedy politicians, and if they want to improve their condition, why let them engage in some respectable employment.

Amazing Constancy.

We like cheerfulness. It is a jewel That philosophical cast of mind which never broods over a disaster, but always patches grief with proverbs, is more valuable to its possessor than fine gold Such a person is beyond the reach of the slings and arrows of outrageous fortune Or, if they reach him, they glance harmlessly from his defense of plate and mail. We therefore admire the cheerful constancy which is shown by our neighbor of the *Herald* when he says the news of the elections in Ohio and Pennsylvania "is of a character to gladden the hearts of the Democracy." Blessed are they who are content with little! The Democracy this year are wonderfully easy to please. Their great greenback champion has gone down, to be heard of no more forever. They had the Ohio Legislature, but they have lost it In Pennsylvania, where they expected to succeed, the Republicans have carried every thing and have a larger majority in the Legislature than ever. If the Democracy find in these results so much to be thankful for, we wonder what *could* occur to disappoint them, or cause them to repine? And we are exceedingly curious to know the secret of the pleasing sorcery whereby they so effectually charm pain and disappointment, and arm their breasts "with stubborn patience as with triple steel" The revelation of such a secret would certainly be more wonderful than the disclosure of him who boasted that he had the receipt of fern seed

A "Sunday Leader"

On the 13th August the *Herald* published the following under the caption, "All Right

"The telegraph announces to day that Hon George H Pendleton has been named by the Democratic Central Committee for Governor of Ohio, in place of Gen'l Rosecrans, whose nomination was a presage for defeat Because it was a slander on the opinions of the people The difference between the two men is 'wisdom's lustre with folly's shade contrasted" We now have no fears of defeat in Ohio"

We cautioned the *Herald* at the time to be less jubilant and told it that Pendleton would be defeated In the language of the "Sunday Leader," this is what we said at the time But this *Herald* would not believe us. We told the *Herald* so, but it would not listen It called us an infernal Union Leaguer But it will listen now It will believe us now This is what time does This is what reason does. Good

In General

Iowa and Nebraska keep their place near the head of the Republican column These States have not yet acted upon the Fifteenth Amendment but will soon ratify it

A Democratic paper up the valley says, Next Tuesday elections will take place in Pennsylvania Ohio and Iowa which will probably decide the infamous Fifteenth Amendment Well its decided!

The Eugene *Journal* calls attention to the opening speech of the Ohio campaign made by that glory of our country and pride of Democracy George H Pendleton The *Journal* can now go into mourning, for that glory has departed

Every Northern State which has held an election this year, except California has given a Republican majority The Democrats set out to build a pyramid of States this year but have got no further than the basement which California laid for it And that basement is a very poor madam

The opposition papers have had much to say about the Fifteenth Amendment being crammed down the throats of the people by force and fraud Might not the people of Pennsylvania Ohio, Iowa and Nebraska as well be excepted from those upon whom the Amendment is to be forced against their will?

The Boston *Herald*, a Democratic workingmen's organ, tells the workingmen that they make a grave mistake when they resolve in favor of paying the national debt in greenbacks. "In fact, it says, "such a payment is no payment at all until the greenbacks themselves are redeemed, and it would virtually amount to the repudiation of the interest on the debt. It is of vital importance to the workingmen as to all classes, that the national currency be preserved inviolate and that the credit should be appreciated to the gold standard as soon as possible

FRESHEST GLEANINGS

Horse-whipping Chinese ragpickers in the public streets, is one of the ways men have of amusing themselves in San Francisco

The census of Iowa has been taken eighteen times since 1836 In that year, when it was a part of Wisconsin Territory, its population was 10 531 Now it is 1 043 114

A Congressional enactment prohibiting all gold sales except upon actual delivery of the coin purchased, is again being seriously considered as a remedy for the gold gambling which disgraces our great money centre.

The Mississippi Democrats, it is said, cannot get up "the last grand rally" of the campaign With a carpet bagger as candidate for Governor, and a negro for Secretary of State, the enthusiasm don't rise quite to 100 in the political thermometer, The canvass is rather tame in consequence, and the Republicans are hopeful of carrying the State.

Letters, essays and criticisms, touching the Byron scandal, are becoming alarmingly numerous in England, and from the pungent spirit in which some of them are conceived, there seems to be danger that we shall find out not only the whole of Byron's private history, but a good deal of other persons who would not care to have their personal record too closely scrutinized

R D. Hatch, a prominent New York Democrat, said in a recent speech that should Mr Pendleton be elected Governor of Ohio and become the Presidential candidate for 1872, the Democratic party would be burdened with all the "dead issues" of the past—while if Mr. John Quincy Adams should be elected Governor of Massachusetts and Pendleton defeated, the Democratic party, under the advanced leadership of Mr Adams, would be again intrusted by the people with the control of our national affairs

There is a Chinaman in Truckee so smart that we don't wonder his Democratic neighbors want to get him out of the country During the last campaign an Anti Coolie Association was formed in that town—for political purposes, of course—the frequent meetings of which entailed expenses amounting to a neat sum Election over, the enthusiasm died out and the bills remained unpaid, though responsible men, high toned lawyers and merchants, were at the head of the organization Last Saturday a shrewd Chinaman named Lung Lee bought up all the paper at a big discount, and is now engaged in collecting the money through the Courts. Sold again—and by a Chinaman!

THE WEST.

Vice President Colfax and other distinguished guests, witnessed the marriage of a Chinese couple as performed by a Justice of the Peace at Truckee.

From the Idaho *Statesman* D Roth & Co, yesterday took in payment for a bill of goods 53 ounces of Loon Creek dust, the handsomest lot of ore we have ever seen in this territory It assays over $17, and is certainly ahead of any thing we have ever seen with the exception perhaps of some lots that once found their way from Kootenai and Blackfoot Another gentleman had a pocket full of nuggets, the largest of which weighed $90

The Gold Hill (Nev) *News* says that a barkeeper in that place collected tin foil thrown away by tobacco chewers in his place during the last three years, and has cast it all into a solid brick The brick is eight inches long, four inches wide and three in depth, weighs thirty six pounds and is valued at $21 60—or sixty cents per pound at market price It is composed of 2,088 wrappers It would take one man nearly six years to chew the tobacco contained in the wrappers which produced the brick

The Boise *Statesman* of the 9th has the following About ten days ago a treasure box of Wells, Fargo & Co, from Boise to Kelton, containing about $3,000 in dust and bars, was missed somewhere near Snake river Employees of the express and stage lines have been on the alert ever since to ferret out the robber, which resulted in the arrest last night in this city, of a man named Wilson and the recovery of nearly all the money At the time of the robbery Wilson was carrying horses at the Snake river station

The San Jose (Cal) *Patriot* says that the idea of stopping Chinese immigration by prohibiting the exportation of Chinamen's bones originated with Mr Lafferty formerly President of the Baptist College at Petaluma On his return from a tour in China, Mr Lafferty delivered a series of lectures, in which he stated that he sincerely believed that Chinese immigration to this country would cease, if they were prohibited from exporting to China the dead bodies of those who died here Mr Lafferty stated that Chinamen invariably made inquiries in regard to whether their bodies could be returned in case they should die while absent, before consenting to start for California

GROWTH OF POPULATION "At the taking of the last census in 1860, the population of the United States was 31,443,321 And it was then estimated by the Census Bureau that in 1870 the country would contain 42 325 432, in 1880 a population of 57,450,241, in 1890 a population of 77,301 989, and in 1900 the vast aggregate of 100,315,802, when the United States would embrace but twenty eight inhabitants to the square mile, whereas the State of New York has already ninety four and Massachusetts one hundred and seventy three Were the whole country peopled as Massachusetts is it would have within its borders no less than 613 000 000 souls constituting a nation incomparably transcending the greatest empire of ancient or modern times Elkanah Watson Benjamin Franklin's friend, made out a table of estimated population for every decade up to the year 1900, and his estimates have thus far held good He predicted that in 1900 our population would be a round hundred millions. Though our long and disastrous civil war was not taken into his calculations it now looks as if the enormous increase of immigration will more than make up for any losses incurred from this and other sources

BY STATE TELEGRAPH

The State Fair at Salem.

[SPECIAL DISPATCH TO THE OREGONIAN]

SIXTH DAY

SALEM Oct 15 1869

TRIAL OF GANG PLOWS

The trial of gang plows this morning was a very interesting exhibition About a dozen were tried but not one half that number succeeded in coming within the requirements of the Society None were considered by the committee in awarding premiums except such as plowed a good furrow at least nine inches deep Several broke down and others retired without getting a furrow deeper than seven inches An awkward looking gang invented by John Cox of Lane, did the best deep work Mason's Improved the Eagle, the Duval gang and Dr Griffin's gang were the favorites The trial was not so thorough nor satisfactory as last year None were tried as to draft

ANNUAL ADDRESS

The annual address was delivered at 11 o'clock by A J Thayer It was brief but well composed and will compare favorably with those of former years Multnomah county turns out well as leader of premiums

THE RACES

Two great races took place to day one trotting and the other running An exciting race between Pat Smith's "Oregon Nell, and Smiley's Mohawk" 2 mile heats, best 2 in 3 won by Nell" in two straight heats time, 5 00½ and 5 28¾ Nell' made the last mile of last heat in 2 43½

Running race between Gird's Snowflake and Scoggin's "Jack Miner' and Basket's "Jeff Davis" 2 mile heats, best 2 in 3 won by "Jack Miner" in two straight heats time 3 47½ and 3 50½, "Jeff Davis" distanced first heat Jack Miner's quickest mile 1st of second heat in 1 53 Portland losers got even on this race Immense sums of money changed hands

A heavy fog has prevailed all day Weather cold and disagreeable to night

The Tom Thumb troupe had two immense lovees to day in the Circus pavilion.

Several small boys (runaways) from Portland, arrived to day, having walked all the way three days on the way

Fair will close to morrow

THE STATE FAIR

FOURTH DAY

SALEM, Oct 14th, 1869

All entries having been closed yesterday, the fair exhibits much the same general features, as when I wrote last evening, except that in departments then overcrowded, additional room for the play of articles has been provided, and the great STATE SHOW is now in full blast The attendance has been to day fully up to ten thousand people, and I have heard the number estimated even higher than that. I went out this morning long before the fog had lifted, and before the great throng from the city had begun to flow strongly Notwithstanding this and the fact that it was most uncomfortably cold, I found the Pavilion so densely packed that my first pilgrimage through the aisles was slow, laborious, and particularly severe on my favorite corns What a place was that for hoops and Grecian Bends! Canes and gewgaws suffered terribly, while parasols and handkerchiefs were carried away like sails in a gust I only felt one hand on my watch fob, I nipped the hand with mine, but for the life of me I couldn't tell which of the five hundred people immediately around me it belonged to, and so the owner of it got away empty handed, but without suffering a surgical operation, the performance of which I was at the moment contemplating. I am still the happy possessor of the watch I was more fortunate than some others, for in such a jam it was not difficult for kleptomaniacs to ply their trade successfully The crowd in the Pavilion was always dense, except when there was an "agricultural trot" on hand, and then it thinned out perceptibly The exhibition was conceded by even Californians, of whom a few were present, to be vastly creditable to our young State When they who have heads full of California ideas make such an admission in favor of anything Oregonian, it is safe to inform your friends or any other man that it is a big thing So I say confidently that the Pavilion exhibition to-day was a big thing.

HORSE PREMIUMS

There were nine entries for best span of carriage horses, among them several teams which would have excited remark in any country or city The first premium was awarded to a span of dark sorrel stallions, owned by Robert Henderson of Yamhill, driven by C P. Bacon of Portland, who broke and trained them They are three year old "Emigrants," and are very stylish Mr Bacon handled them exceedingly well. The second premium was given to a team owned by Mr J R. Lake, of Portland, driven by Mr B B. Aiken, also of Portland

Of buggy horses, (single) there were nine. The first premium was awarded to "Paul Jones," owned by Mr H G. Hadley, of Lane county, the second to Wm Gird, of Linn county

The Roadsters were subdivided into several classes Upon the first trial, the judges awarded the first premium to Jerry Welsh's mare and the second to C. P. Bacon's mare To this decision Mr Bacon objected, because one of the judges was part owner of the Welsh mare Another judge was called and a second trial was had, when the judges very unexpectedly gave the first premium to a mare owned by Mr Riley, of Linn county, and the second to Jerry Welsh's mare This proceeding was merely farcical, and illustrates how uncertain are *judges* as well as juries My own belief is that the first decision was just and should have been confirmed, and would have been but for a little pique toward Mr Bacon The trial was for roadster mares

The next trial was for roadster stallions three years old Robert Henderson took the first premium on one of the stallions above mentioned For roadster stallion four years old, H G Hadley, of Lane, took first premium and T G Naylor, of Yamhill, the second For stallions two years old, roadsters, G W. Phillips, first premium and H Yokum, second Stallion, one year old, M. Mulkey, of Benton, first premium Suckling stallion colts, G B Cornelius, first premium, and W. J Matthews, second Mare and colt, N P Luten first and W W Brooks, second Mares, J. H Trainor first and Calvin Neal second.

CATTLE

There were only four exhibitors of cattle worth mention—Messrs Dirk Stewart, Wyatt and Burton Mr Stewart of Yamhill, took a number of premiums on graded Durham stock Mr Disk received several on Devonshires Mr Burton showed an ox which is claimed to be heavier than Mt Hood," which has been exhibited as a curiosity I may be able to morrow to complete the list of stock premiums, when I will also add the premiums of sheep and swine

MACHINERY

Only a small part of the premiums on agricultural machinery have been awarded, for the reason that the machines are to be yet submitted to trial Where there was no competition, the blue ribbon was attached without trial

RACES

Much interest was manifested in the trials of speed to day, between Oregon bred colts three and four years old The first trial was trotting in harness, for three year olds, mile heats, two in three The entries were Black Bess' by Wm Gird, and "Billy Fiter' by James Bates "Bess" had the inside track and started a little in advance of Billy" a position she held at the half mile stake which was passed in 1 50 She held it at the beginning of the home stretch but breaking up near the distance stake she fell back several lengths, and "Billy' won the heat in 3 46½ In the second heat Bess' acted badly and "Billy" came home easily in 3 26½ winning the purse This was the first defeat for Bill Gird and his backers "Billy Fiter' is a colt of Hadley's "Morgan" and has been worked single only about four weeks He showed good training and did some excellent and honest trotting

The next race was a mile trot for Oregon bred colts, four years old, mile heats two in three in harness contested by G W Richmond's stallion Richmond and Smiley's Mystery Two straight heats were taken by Richmond in 2 49 and 3 04½ He made the half mile stake on each heat in 1 45 He came home in the last heat at a gait which must have been within 3 00

There is to be a race on Saturday not down in the programme a single dash of one mile for a purse of $50, free to all comers.

THE OPENING ADDRESS

By a typographical oversight in yesterday's notice of the opening address by President Smith It is spoken of as an interesting and practical effort which contained numerous sensible suggestions He was followed by J Q Thornton who made a brief speech

SCRUB RACES AND BETTING

During the fair there have been a dozen or more scrub races for short distances which have often created upon the ground excitement and sometimes intense excitement among the jockeys They are usually great in preparation and exceedingly fine in the performance Nevertheless it frequently happens that considerable money changes hands on the results Betting is common and pending all trials of speed the latter frequently taking chances and becoming quite as much excited as any of the fraternity

DISTINGUISHED TRAVELERS

General Tom Thumb and wife and Commodore Nutt and Minnie Warren have arrived and this afternoon they exhibit themselves at the Wigwam Know that Commodore at the Capitol Hotel this evening He is as like a small boy as ever Portland next week

J B SPRENGER

Takes this method of notifying his friends in the traveling public that he has leased the Hotel in the Western Hall and he after will be situated ready to receive them at all hours and will endeavor by strict attention to business to merit a liberal share of public patronage which he will be grateful for

UNITED STATES BUILDING.—It was stated a few days ago that instructions had been received from Washington, ordering some substantial and material additions to the former plan of the United States Custom House and Postoffice building, now in course of construction in this city. The new plan, together with the details, have been received by E. IRE. John, Esq., superintendent of the work, through whose politeness we were permitted to examine them yesterday. These plans, as before stated, were drawn by Mr. A. B. Mullett, Government architect, and certainly evince the highest knowledge in the beautiful art of architecture. The building will be two hundred and twenty feet from north to south and seventy from east to west. The top of the dome, which will be 201 feet high, will be eighty-eight from the ground. The entrance to the main hall will be on Fifth street, in the center of the building. There will also be two entrances to the postoffice rooms, on Fifth street, and one on Morrison. The apartment designed for the United States Court room will truly be a spacious and elegant one. It will measure forty-nine and a half feet long by thirty-three in width, with a ceiling twenty-three feet from the floor. The windows in this room fronting on Fifth street are to be over seventeen feet high, with stone facings and sills, as in fact the settings of all windows and doors, and the cornices are to be of stone. Some of the stages to be placed as high as the third story are very large, being eleven feet in length, while those in the lower stories will be seven feet. The front and rear elevations will present similar views, except the entrances and the large windows in the court room, on the rear view. In the second story, similar, except the entrances to the Postoffice and the Morrison street pod. All the windows in the third story will be over in form, measuring five and a half by four and a half feet across the centre.

The building will contain the following rooms and offices, to wit: One thousand others, the purposes of which are designated on the plan shown us: U. S. Court room, Offices of United States District and Circuit Judges, Offices of the Collector of Customs, Internal Revenue Officers and Assessor, United States District Attorney, Marshal, Clerk, etc.

These rooms are all capacious and elegant, and will furnish accommodations for the respective officials who are to occupy them for the ages to come. The magnificence of the work will be perceived by a knowledge of the fact that it will cost at least $300,000. Enough to excite dance at the plan proposed. There is no doubt, however, that it will be finished, and Portland can then boast of the costliest and most magnificent edifice on the Pacific Coast, and one in point of splendor surpassed by few in the country. Mr. St. John informs us that the stone used, which is all brought from a quarry on Chinook Bay near Astoria, will cost nearly one-third of the sum above named. Our limited skill in the art of architecture prevents us from giving a technical description of this splendid structure, but we can assure readers that its size, beauty of finish durability and convenience, will be a prominent feature to the pride of all who visit our city in years to come, as well as a lasting memorial of the services rendered our State by her honored citizens in the national Congress, through whose influence the Government has undertaken the construction.

FARMERS' ASSOCIATION.—Our remarks in regard to the object of the organization among the retail dealers of Portland has called out the following communication from one of their number in explanation of the aims of the association which is not inconsistent with our understanding of the matter, as published yesterday:

PORTLAND, O., Oct 15th, 1869.

EDITOR OREGONIAN: I noticed in your paper of this morning an item entitled "*Doubtful Policy*," which from its tone is calculated to misrepresent the object of an organization about being formed by the retail dealers of Portland.

In the first place, it is not an association of grocery dealers, as the article says, but also consists of most of the general retail dealers in the city, in other branches of trade. Secondly, they do not propose or want to stop the sale of vegetables, &c., from selling the products of their own farms, in the city. But it is well known there are parties that are selling more vegetables, in the city than all the dealers put together, and at the same time perhaps do not raise one-tenth part of the potatoes, &c., on their own farms, but buy them of their neighbors or any one else who may have them to sell. These same parties do not pay any license, county or city tax, while the retail dealer has all the above things to pay, and at the same time is expected by consumers to compete with the peddler in the price of goods. All that the Association will ask is that the law that already exists in regard to peddlers be enforced.

Secondly, in regard to wholesale dealers selling to private individuals, all that we ask is that which is fair and just, and according to the recognized principles of business. Less; and what we ask will work no harm to them or the consumers either.

The last but not least, another object of the Association is to protect its members against sclaim of customers who go to the trade by the *classical* name of bilks, or dead beats, who make it a point to get credit wherever they can, and they will trade at a store as long as they can get credit, and then they go to another and do the same thing. This class of customers generally are too poor to work, and get their living in this way, or else get the money at saloons, &c., which should go to the support of their families. And by regularly posting all persons on this class of customers, there can be a dollar saved to each dealer in the course of a year.

Respectfully yours,

ONE OF THE RETAILERS.

NEW BLOCK HERE.—The new building of Messrs. Porter & Co., on First street, is about completed, and presents a very fine appearance, the front being painted in imitation of marble.

Farmers from up the valley, with their families, are making their departure on the *Carrie* this morning for the Sound country. That section of Washington Territory is fast becoming a good locality for the attracting considerable attention.

Mr. Ladd Estes, of this county, has a pear on exhibition at the State Fair, which weighs nearly four pounds. Two pears of the same tree would weigh a great deal more.

Two span of Portland horses, one belonging to C. P. Bragg and another to R. J. Ladd, took the two premiums for span of carriage horses at the Salem Fair.

The building will contain the following rooms and offices, to wit: One thousand others, the purposes of which are designated on the plan shown us: U. S. Court room, Offices of United States District and Circuit Judges, Offices of the Collector of Customs, Internal Revenue Officers and Assessor, United States District Attorney, Marshal, Clerk, etc.

These rooms are all capacious and elegant, and will furnish accommodations for the respective officials who are to occupy them for the ages to come. The magnificence of the work will be perceived by a knowledge of the fact that it will cost at least $300,000. Enough to excite dance at the plan proposed. There is no doubt, however, that it will be finished, and Portland can then boast of the costliest and most magnificent edifice on the Pacific Coast, and one in point of splendor surpassed by few in the country. Mr. St. John informs us that the stone used, which is all brought from a quarry on Chinook Bay near Astoria, will cost nearly one-third of the sum above named. And by regularly posting all persons on this class of customers, there can be a dollar saved to each dealer in the course of a year.

Respectfully yours,

ONE OF THE RETAILERS.

NEW BLOCK HERE.—The new building of Messrs. Porter & Co., on First street, is about completed, and presents a very fine appearance, the front being painted in imitation of marble.

Farmers from up the valley, with their families, are making their departure on the *Carrie* this morning for the Sound country. That section of Washington Territory is fast becoming a good locality for the attracting considerable attention.

Mr. Ladd Estes, of this county, has a pear on exhibition at the State Fair, which weighs nearly four pounds. Two pears of the same tree would weigh a great deal more.

Two span of Portland horses, one belonging to C. P. Bragg and another to R. J. Ladd, took the two premiums for span of carriage horses at the Salem Fair.

The St. Helens Hall school building on Fourth street is fast approaching completion, and will soon be ready for the reception of pupils. It is the finest school building in the city.

The Jewish school house at the corner of Oak and Tenth is nearly finished. It will supply a want felt by the large class of our population.

A ball on the Fair grounds, the proceeds of admission to be applied to the Orphans' Home fund, has been well patronized.

Mr. Bond of the *Advocate* has in his yard in this city a tree in full bloom.

Fifty cents and a half per night for sleeping on a floor and the price charged at public houses in Salem the past week.

A Mr. Doss of Marion county some years ago, raised a crop of wheat, the product of one grain, comprising 60 heads, and averaging 60 grains of wheat to the stalk; the whole 16,320 grains.

A new apparatus is being constructed in the basement of the bank building of Messrs. Ladd & Tilton.

Two lawyers were out in force yesterday and the day previous hunting "meat as a pin" in some of the Circuit and wife started from Salem yesterday morning on a visit to Washington.

Many of the many citizens of Portland who went to the State Fair on Thursday and yesterday evening, expressing themselves well pleased as usual on such occasions.

Yesterday was very foggy during the forenoon, but the afternoon it partially cleared up, but the evening and last night was raw and cold.

NEWS ITEMS.—The following items of news, relating to churches and Sunday schools, are culled from the *Willamette Farmer*:

The United Presbyterian Presbytery of Oregon, met at Brother Kelly's Hall in Salem last week. But little business was done owing to the absence of members on account of sickness. The next Presbytery will meet in Albany.

Rev. C. A. Huntington, of Olympia, is occupying the pulpit of the First Presbyterian Church of this city, during the absence of Dr. Lindsley. The Doctor is attending the Synod in San Francisco.

The Royal was on the State Fair grounds, busily engaged in entertaining teams for the instruction and benefit of the old.

Two hundred volumes of Sunday school books have arrived for the Ball street M. E. Sabbath school library and will be opened next Sabbath.

The Willamette Sunday School Convention held in Salem, in October, 1870, at Portland. An ex-committee was appointed to attend to this business and prepare a programme. A standing committee of three on statistics will be appointed to collect the main facts connected with the Sunday schools of Oregon.

The minutes of the late session of the Methodist Conference, held at Eugene City, shows an increase to the membership of the Church of 811.

The following charges: Portland, Milwaukie, Oswego, Yamhill, Dallas, Rock Creek, Clear Creek, Corvallis, Jefferson, Brownsville, Eugene City, Walla Walla, Dry Creek, Dalles district paid the full amount. In the matter of salary, there were but seven charges in the whole Conference that paid up, viz.: Portland, Milwaukie, Yamhill, Salem, Albany, Olympia and Walla Walla. Portland paid the highest salary, $1,800, being the lowest, $60. In only six cases do the salaries reach $1,000, and in three cases only do the amount. In benevolent contributions the Conference averaged 30 cents per member, Salem paying $1 44, Puget Sound 77, Walla Walla 44. In the collections, Puget Sound district paid the highest average per member, $ 43, Umpqua the lowest.

STEAMER TO NEW YORK.—First-class traveling expenses from Portland to New York, via Ocean Steamer are as follows:

	Gold.
Cabin passage to San Francisco	30 00
Meals one day in S. F. and transfer of baggage	3 25
Cabin fare Railroad S. F. to N. Y.	112 50

Children under 12, half fare. Under 5, free. 100 lbs. baggage free to each adult passenger, 50 to each child 5 to 12. 40 lbs per pound for extra baggage, currency

TO OMAHA.—Time San Francisco to Omaha, 4 days and 7 hours. S. F. to Chicago, 5 days and 7 hours. S. F. to New York 7 days.

FROM VANCOUVER.—The items below are taken from the *Register*:

On the 20th of October there will be a large turn out to the fair. It is expected the World's Circus will be there. It is likely this will be the grandest affair ever witnessed in Clarke county.

On Monday evening there was a meeting to appoint a committee of five persons to draft a petition to the Secretary of War, requesting him to lengthen the term of sixty days to a year, within which all occupants of the Military Reserve must vacate.

We have heard that Thomas McBride Esq., fell and broke his arm. We cannot learn where it occurred. He has lately been to California on business connected with his profession. We have not heard of his return.

Mr. J. L. Rankin will soon remove to Slocum with his excellent family.

Several small children were not long since arrested and taken before Justice Hunt for theft in going into Captain William Turnbull's room and pilfering a number of small articles.

Rev. C. G. Bolknap and family started for California. This their intention to visit Missouri before they return.

Charles Pettain has gone to Europe to complete his education. He will visit Rome and other celebrated cities. He will probably attend a university in Belgium.

MEETING LAST NIGHT.—About 40 men assembled at the Armory of the Emmet Guard last night. After waiting for some time, Mr. Thomas Johnson called the meeting to order and nominated Mr. W. P. Burke for President.

Mr. Burke, on taking the chair said, "Gentlemen, I thank you for the honor you have shown me by placing me in this position. If there is anything under the Heavens that I am proud of, it is to be at the head of a lot of working men. I understand the object of this meeting to be to protect white labor from the burden of Chinese who are overrunning this country and taking the bread out of white men's mouths."

After this speech a Mr. Tierney moved that a committee of three be appointed to draft resolutions. The committee, after being out a few minutes, returned and reported resolutions which were adopted.

The resolutions were to the effect that the members of the proposed society would not work for, board, or trade with any person who employs Chinese labor.

After the adoption of the resolutions a call was made for all who would to join the society to come forward and sign the roll. A few of those present went forward, but a majority left the hall one by one. The meeting could hardly be called an enthusiastic one.

OREGON CITY.—From the Oregon City *Enterprise* we clip the subjoined items of intelligence:

Last week Messrs. Baker, Ferguson and Holcomb, went out hunting and killed a black bear about five miles east of Oregon City. It weighed three hundred pounds dressed. Also Mr. W. W. Cook, about the same time, killed another large bear about eight miles from town.

On the Fair grounds on Thursday a thief stole a horse from Hon. Sam. Brown, of Marion county, and started north with his booty. He stopped at the house of Mr. B. S. Birney, three miles this side of Mr. Brown's and broke in. Before he had succeeded in getting anything but a gun, however, a person left in charge of the house (the family being at the fair) surprised him and gave chase, pursuing him so closely that he cut the strap with which the horse was tied, mounted him and got away. Mr. Brown immediately telegraphed to the officers of Oregon City, giving a description of the horse, and the same evening, about half past seven o'clock, the chief stopped at the brilliant Saloon to enjoy his thirst, when policeman Kelly captured him and lodged him in jail. Yesterday morning Mr. Brown, who had followed, started back to Salem, taking the horse and thief with him.

AT THE FAIR.—The Salem *Statesman* says a small boy got lost on the grounds on Thursday and was not found by his friends until ten o'clock at night.

The receipts at the Fair up to Thursday evening are reported as follows:

Gate entrances	$ 830
Race stand	317
Huxter and show licenses	1,246
Total	$2,393
Previous receipts	16,721
Grand total	$8,754

SHIPPING.—The bark *Whistler* is now receiving freight at this port and will shortly sail for San Francisco.

The *A. Heaton*, from New York, is now due and may be expected to arrive at an early day.

The bark *Helen W. Almy*, from San Francisco, has not yet been reported inside the bar, though over due several days.

The *Gussie Telfair*, from Victoria, is expected to reach Portland to-day.

The *Oriflamme*, from San Francisco will probably arrive this morning.

The yacht *Mommie*, winner of a prize in one of the late races of the Portland Yacht Club, is put up to be raffled for.

MAGIC.—Last night the magical entertainment was well patronized. The audience appeared highly delighted with (the performance.) The leading gift was not drawn, the number designating it not being out. This afternoon Prof. Morey will give a matinee, as per advertisement, at which the prize will be a China tea set, value, $18. At the entertainment this evening, if a fair house be in attendance, the leading gift will be a silver set, the value of $60. All should attend to-night, this being the last performance.

PARDONED.—We learn that Governor Woods has pardoned Joseph Bertrand, who was convicted of murder in the second degree in the Circuit Court of this county about one year ago, and sentenced to ten years imprisonment in the Penitentiary. Bertrand on receiving his pardon immediately started for California. There is much doubt in the minds of many in this community as to this act of the Executive being a judicious exercise of the pardoning power.

LIKELY TO BE LIVELY.—Portland will probably be rather lively next week, especially so far as the opportunities afforded for public amusement can make it so. We are to have the Carter Troupe at Oro Fino Theatre, Thom. Thumb and his company of dwarfs at Philharmonic Hall and Wilson's Circus, perhaps, at the corner of Fourth and Pine streets.

BURGLARY CASUAL.—We are informed that Charles Burch, who escaped from custody here and eluded the sheriff at Monticello, was caught yesterday over in Washington Territory somewhere. He will probably be brought up to this city to-day. We were unable to procure the particulars of his capture.

EVERYBODY IS OUT SHOPPING these days, and it is just the time to get the Fall and Winter Styles. It is almost impossible to pass the splendid store of KOHN & FISHEL, No. 91, Front street, without being drawn in by the attraction of those charming *New Suits*, and the enormous piles of elegant clothing and fancy goods of every description and quality. They have, unquestionably, the largest stock and best assortment of goods that can be found in the city of Portland. Messrs. Kohn & Fishel bring their goods direct from New York, and sell as cheap as the cheapest.

At a special meeting of Protection Engine Co. No. 4, held at their Engine House October 11, 1869, it was unanimously resolved to nominate Mr. R. Holman, Foreman of their company, as candidate for Chief Engineer of the Portland Fire Department for the coming election. It was further resolved that the company support Mr. Charles Reynard, of Willamette Co. No 1, as Assistant Engineer.

C. BALL,
Secretary of No. 4.

Use KANE'S IMPERIAL CONDENSED SOAP. It washes without rubbing. For sale by Allen & Lewis, Corbitt & McCleny, R. G. Sneath and all retailers.

WEEKLY REVIEW

PORTLAND Oct 15 1869

Latest New York dates bear a firm to settled state of the money market gold ranging during the week 128 @133 closing on the 13th at 130

San Francisco legal tender ruled buying at par with a slight declining tendency

In Portland during the week the best legal tender rates have been buying and selling Considerable transactions in currency have transpired and the favorable tendency evinced is to be attributed to a generally prevalence of business conducted on the currency basis This would in our opinion obviate in some extent the occasional stringency if the money market if it here Again we would call to the mind of our merchants the expediency of adopting the note system and thus enabling it be constantly in use of quite an amount of capital which under the present plan lies dormant That this system will in time be adopted there can be but little doubt and the sooner it is brought about the sooner will our market assume a healthier tone and complaints of money being scarce when business is good cease

The inauguration of the plan by some of our merchants of obtaining their goods by rail will doubtless have the effect of working many changes in the way business is done in Portland and everywhere else on the Pacific coast. Some of these reforms are much needed, and are thus reviewed in a late number of the San Francisco *Bulletin* Thus far the benefits of this great national highway have been more of an indirect than of a direct character by the impetus which the completion of that road has given to all similar improvements throughout the coast. We have entered upon an era of railroad construction which can hardly fail to result in a much more rapid increase of prosperity than has hitherto been enjoyed. The effect of these internal improvements on trade and commercial values must of necessity be more or less radical The Continental railway has been in operation nearly five months The business which it has attracted has exceeded the expectations of its most sanguine friends Its success is beyond all recall Another similar road will be demanded long before it can be constructed In the struggles for transportation, railroads must win over all other modes yet known, as steam prevails over sail on the trackless deep. Already the Panama service has been reduced to two steamers per month. A revolution in commercial values and wages, and in the general modes of doing business on this coast, will be likely to gradually follow in the wake of the railroads completed and contemplated The increased competition consequent upon being more nearly allied to the older States of the Union will teach us to be more economical in our personal habits and modes of doing business Hitherto we have accumulated wealth comparatively easy, and used it with a lavish hand The changes through which we are likely to pass in the next few years should warn us to husband our resources. The difficulty in trade circles is too many are engaged therein in proportion to the population which they are expected to supply But this difficulty is neither now nor is it easily obviated. Time must alone determine who are to succeed While our mercantile interests are thus well cared for others are not neglected Our agricultural, manufacturing, mining and other local industries continue to receive the usual amount of attention and to exhibit a fair degree of prosperity We greatly need an increased development in these powerful auxiliaries of commercial renown. Our farm productions need to be greatly augmented and more generally diversified It is quite time we produced enough for our own wants in these respects. In the volume and variety of our local manufactures there is also room for great improvement Thapioca and [illegible] as already made in this regard should stimulate us to renewed effort, until nothing on the list of American manufactures is left unprotected among our local industries."

Business during the week has been good with our wholesale houses and jobbers, the trade with the Upper Columbia continues active and the large shipments in that direction made daily show where a great deal of our imports have been sent. The retail trade has been somewhat more quiet than usual owing perhaps to the fact that the public attention is drawn out of its usual channel by the State Fair now holding at Salem The farmers are generally attending the Fair and but a limited quantity of grain has been received The figures given below show the usual rates. Wheat shows a slight decline in prices and may be quoted dull Flour is in good supply with no prospect of an advance, the California, Eastern and Salem markets, all being supplied as unfavorable to any decided rise. Oats and barley are firmer and readily find buyers. Bran has been received in considerable quantities and a slight downward tendency in price is evinced Dried fruits are plentiful, some of the new crop of peaches are in market at 12c per lb; apples are rather lower than last week. The egg trade which shows a most decided advance are coal oil and salt. Spirits are a little higher and sugars of some brands slightly reduced in rates

Nothing at all discouraging is noted in commercial circles but on the contrary all is as fair as could be expected under the circumstances, and especially taking into consideration the recent wonderful excitement in the money market east, so much calculated to disturb the mercantile interests of the entire community

Wholesale and Jobbing Prices.

PORTLAND, Oct. 15, 1869.
